Comments: (If possible, please reference section and/or page number in document if applicable.)

I had the opportunity to attend the public hearing on 6/5/01 at the SUNCOAST Casino. Unfortunately, I had to leave and was unable to give my comments.

I was talking with Joe Ziegler regarding some questions I had and he said I should definitely speak up. I am grateful that you had this public meeting because I am new to Las Vegas as I moved here in December 2000. I had heard bits and pieces regarding this project, but this meeting helped me understand it better. [The question (one of them) that I was discussing with Mr. Ziegler was what is in effect to test the project, after it has been built and nuclear waste stored underground, to ensure that the project is working and remaining safe? As a concerned citizen, I agree with all of the comments I heard, but nothing was said about post. The future generations come to mind when I think about this. Don't you think there should be some sort of post-testing in place? I do especially for the safety of future generations.]

Please note: For your comment(s) to be considered in the Final Environmental Impact Statement, your comment(s) need to be received by the U.S. Department of Energy by June 25, 2001. To the extent practicable, the Department will consider comments received after June 25.

Please feel free to attach additional pages; more postage may be needed. If you prefer to mail your comments, you may use the back side of this sheet as a postage-paid, self-mailer. To do so, fold in thirds along the dotted line so address and postage-paid notice are visible, then secure with tape.
